## New Premier Of Manitoba Is Sworn In

REDUCES CABINET BY ONE AND  
AND SELECTS MINISTERS WHO  
ARE ACCEPTABLE TO LIÉGUT.  
JOHNSON-NORRIS RESIGNS

John Bracken, the new Progressive premier of Manitoba, has selected his cabinet, and they were sworn in last Tuesday. The cabinet is as follows: Prime minister and minister of education—John Bracken; Minister of agriculture—Neil Cameron, member for Winnipeg; Minister of public works—W. R. Chisholm, member for Morris; Provincial secretary—J. McLeod, member for Arthur.

The cabinet is reduced in number from seven to six, by the inclusion in the premier's duties the portfolio of education. Two of the new cabinet ministers are not members of the legislature. Mr. Bracken is expected to seek reelection in The Pas and in the provincial towns, who are in the treasury of the United Grain Growers Ltd., in the latter of which having been deferred in both of these constituencies, he is expected to be a stronger to active politics and to public life in Manitoba.

Predictions that the cabinet would include French-Canadian members were not sustained. However, that P. A. Talbot, member for La Verendrye, may be the government's choice for the vacant seat.

Premier Bracken reported on his cabinet selections to a meeting of the United Farmers members during the morning and afternoon, in the presence of his colleagues from each of the constituencies. Previously the resignation of Hon. T. C. Norris and his cabinet had been accepted formally by the lieutenant-governor.

## Another Oil Well in The Sunburst Field

A news report from Lethbridge said another oil well in the Sunburst field came in on Saturday. The well, owned by the Sunburst Oil Co., is located on the south side of the Sunburst field, and is expected to produce a large quantity of oil. The well is expected to be completed in a few days.

## Cloudburst Destroys Ontario Fruit Farms

A welcome rain early last Sunday was followed by a powerful cloudburst, and with winds which caused considerable damage to fruit farms in the Niagara district. Many orchards were strewn with immature fruit and fruit-laden branches, and many trees were uprooted, felled, blown down and fields of corn leveled. In some cases, the water was so high that it was impossible to get into the fields.

## Weekly News Bulletin

Following the passing of the legislation making possible the creation of a wheat board in Alberta, the legislature, in special session, prorogued on Monday evening last. The indemnity bill was passed providing an indemnity of \$250 for the special session, the amount having been increased from \$200 on the motion of Robert Pearson, Independent, of Calgary, during the session of the house in committee.

## Dominion Govt. To Float Loan \$178,000,000

INDUCEMENTS OFFERED TO IN-  
VESTORS HOLDING VOUCHERS  
TO CONVERT BONDS  
RETIRED

W. S. Fielding gave out Wednesday the following statement concerning government loan operations: "Our loan act, passed at the recent session, gives to investors to borrow \$178,000,000. We do not require all this money immediately. A five year loan of \$18,000,000 was issued in 1912, now amounting to \$178,000,000, will mature on the 1st of January, 1923. It is our intention to provide for retiring these bonds by a domestic loan to take the form of a conversion loan. Any portion of the bonds that may not be covered in the meantime by arrangements for conversion will be redeemed in the first of December. It is believed, however, that a great many of the holders of these bonds will desire to reinvest their money in Dominion securities. To meet this desire, we believe we will issue new bonds bearing the same rate and with the same maturity as the old bonds, but at a half percent, either for five years, maturing in 1927, or for ten years, maturing in 1932. The longer the maturity, the more the interest will be paid. A further advantage to investors is that the new bonds will be retired on December 1st, 1923, and the new bonds to be issued will be paid, the new bonds to be retired in exchange will be dated November 1st, 1922, and will mature one month's accrued interest."

The government will avoid need for the services of the chartered banks in the conversion of the outstanding bonds about to mature. The government will avoid need for the services of the chartered banks in the conversion of the outstanding bonds about to mature. The government will avoid need for the services of the chartered banks in the conversion of the outstanding bonds about to mature.

## Miss Alta Wilson At Hyman's Altar

A quiet wedding took place at St. Ambrose church here on August 9, when Miss Alta Wilson, daughter of Mr. and Mrs. E. J. Wilson, formerly of Lethbridge, was united in marriage to Mr. H. J. Hyman, of Lethbridge. The bride was given away by her brother-in-law, Mr. H. J. Hyman.

## 38 Persons Killed In U.S. Train Wreck

Failure of an engineer to heed a bell signal caused the rear-end collision of the Missouri Pacific at Fairview Springs last Saturday, in which 38 persons were killed and 27 injured, 25 seriously, according to John C. McLaughlin, a local resident. The train, which was carrying a large number of passengers, was derailed and caught fire.

## Political Upheaval Expected in States

The convulsion is steadily growing in Washington that the United States is faced by another great political upheaval in consequence of the new tariff measures such as the one that, following the enactment of the Payne-Aldrich bill in 1909.

## Weekly News Bulletin

Following the passing of the legislation making possible the creation of a wheat board in Alberta, the legislature, in special session, prorogued on Monday evening last. The indemnity bill was passed providing an indemnity of \$250 for the special session, the amount having been increased from \$200 on the motion of Robert Pearson, Independent, of Calgary, during the session of the house in committee.

## SEWARD & REED THE WHEAT BOARD

DOMINION AND PROVINCIAL  
PREMIERS URGED RECONSIDER  
ATION WITHOUT EFFECT—H.  
W. WOOD OFFERED CHAIRMAN-  
SHIP BUT HAS NOT YET DECIDED  
YET—MANY OTHER NAMES  
MENTIONED

The definite refusal of James Stewart and P. W. Riddell to accept the chairmanship of the Wheat Board, in the face of strong pressure which was brought to bear on them, has been a disappointment to those who were hoping that the situation would be settled by the action of the Wheat Board.

It is assumed that Mr. Stewart and Mr. Riddell declined to accept responsibility for the board because of their conviction that only if it possessed the scope and the authority of the old board could it operate to the satisfaction of the grain growers. It is said that in a conference in Regina with Mr. Stewart and Mr. Riddell before the legislators were called together, that Stewart and Riddell had not encouraged the members to proceed with the board. They have taken the position that anything short of a national board with full authority would be a failure.

## Important Notice To Secretaries of Locals

Mr. P. H. Wedderburn has received a letter from Mr. B. Bullen, of Atlas, Alberta, asking for a copy of the constitution of the United Grain Growers Association. The constitution is being prepared and will be sent to him as soon as it is ready.

## Canada Gets Share Of CANTON PROFITS

Interim payments on account of war profits against the value of \$10,000,000 already have been made to Canada, according to Sir Laming Worthington, minister of finance. The payments are being made in installments.

## BC. FARMERS KEEP HARVEST HELP

British Columbia may not be able to send its full quota of men to the harvest in the United States, owing to the forest fire situation. Unless more men could be sent, the two or three thousand men who are working in the area, many of them from the United States, will have to stay in the area.

## Newly-Weds In Auto Accident

While returning to Brooks after their wedding here last Wednesday night, a newly-wed couple, Mr. and Mrs. H. J. Hyman, were involved in a serious automobile accident. The car was overturned and both were injured.

## Warms Cattlemen About Shipping To Old Country

RICE-JONES SAYS THERE IS DAN-  
GER OF HUNGARIAN MILKERS AS TO  
IMMEDIATE RESULTS OF LIFT-  
ING EMBARGO

"Now that there is a prospect of the lifting of the British embargo on Hungarian cattle there is danger of our being misled as to the extent of immediate results of lifting the embargo."

## West Flooded With Big Band of Har- vesters Not Needed

ABOUT 500 WERE STRANDED IN  
REGINA; FIVE SPECIAL TRAINS  
ARRIVED, BUT PRACTICALLY  
NO DEMAND FOR HELP

Regina, Aug. 9.—As the result of a blizzard on the part of some of the harvesters, five special trains arrived in Regina last night, but practically no demand for help was made. The harvesters were stranded in Regina last night, but practically no demand for help was made.

## Newly-Weds In Auto Accident

While returning to Brooks after their wedding here last Wednesday night, a newly-wed couple, Mr. and Mrs. H. J. Hyman, were involved in a serious automobile accident. The car was overturned and both were injured.

## Vancover Expects Heavy Grain Rush

Vancover is now recognized by most grain men as the best market for grain in the West. The city is expected to receive a large quantity of grain from the West, and the market is expected to be very active.

## New Charging Exchange On U.S. CURRENCY

Instead of paying a premium for the United States dollar, Calgary may now be able to obtain it at a discount. The new charging exchange is expected to be very active.

## Experiment With New Wheat Is Successful

This week we have on exhibit in the city a sample of durum wheat, grown by H. P. Erickson on his farm near Bowell. The sample is of a very high quality and is expected to be very successful.

## Terminal Elevator To Be Relocated

The tariff for public farmstead elevators will remain unchanged from last year's figures and September 1, 1922. The tariff is expected to be very active.

## RICH IN VITAMINES

MAKE PERFECT BREAD

WORLD HAPPENINGS  
• BRIEFLY TOLD

The Rumanian Government has made what a temporary monopoly. Sidi Mohamed Zia, Sultan, the ruler of the regency of Tunis, Africa, died at the age of 67 years.

The Washington treaties bill, nullifying the pact signed at the Washington armament conference, passed the committee of the House of Commons. A manifesto accusing the British Government of violating its pledges to the Arabs has been issued by the delegation in London.

Former Empress Zita of Austria, who is being temporarily sheltered in Spain, is said to be endeavoring to obtain a home in Havana provided she can obtain the consent of the allies.

Shell fire from a fort controlled by Chen Ching Ming, the United China forces, destroyed the munitions base of Sun Yat Sen, the deposed president of the Canton Government.

Arrested on a charge of manufacturing bombs, Philadelphia Cator, mayor of Lansing, Mich., blew up the court house, killing all the occupants, says a dispatch to Central News.

The treaty between Japan and China, negotiated at the Washington conference, providing for the return of Shantung to China, has been filed with the League of Nations.

The London Evening News says: "Arrangements for repayment of the British war debts to the United States in a lump sum in the near future are in an advanced stage."

Twenty blind men employed in the Minneapolis Association for the Blind at Wilkes-Barre, subscribed to a strike order because their foreman, also blind, had been displaced by a man with eyesight.

## Royalty Discouraging Snobbery

Encouraging Good Feeling Between Boys of Different Social Status  
The Duke of York, second son of the King, is repeating this year the experiment he made last year for what has been called "the discouragement of snobbery." So thorough an understanding was then established between boys from Westminster School and boys from a Welsh steel works, following a football match, that a summer camp was set up by the Duke to encourage good feeling between boys of different social status. Two hundred public school boys with an equal number from congested and industrial areas were invited to share the camp.

DEEP HOLLOW COUGHS  
ARE MIGHTY DANGEROUS

That name cough is everywhere you go, deep and hollow, why—because consumptive. First it was a cold, then a cough, then a deep hollow cough, and the trouble was very serious. Never neglect a cold, but never a little one. Never trifle with sore throat or catarrh. Get out your "Catharine's" remedy, breathe deeply into your lungs the healing medicine vapor of Catharine's. Let Catharine's cure out the mucus. You'll wonder at the ease with which this is all being removed. It's really splendid for colds, catarrh, bronchitis, whooping cough and catarrh. Try it everywhere. Two months treatment \$1.00, small size 50c.

## Banner of Postage Stamps

150 Attached to Letter Mailed in Soviet Russia

With a "banner" of postage stamps 3 feet long and 7 inches wide attached, a letter has just been delivered from Soviet Russia to Ben Livin of Wandsworth. The letter was posted in a suburb of Kiev.

The stamps are 160 in number—50 are 20-cobain stamps and 110 are 2,000-cobain—the total value of 40,000 rubles. As before the war and now, the value of the stamps is worth about 50 cents, the stamps total face value of these stamps would be \$20,000. Now the total value is trifling.

No man or woman should hold a stamp so certain a relief as it is to have a "Catharine's" Cold Remedy.

"The cost of a doctor's degree in a German university is now 600 marks, about \$6 at the present rate of exchange."

As an experiment at the University of Wisconsin, cows are being fed sawdust instead of water.

## Quite Chic!

With her blue bird hat of milan and taffeta, she wears gauntlet gloves of heavy silk, with wrist straps, held in place by a buckle.

MANY CHILDREN SICK.  
HOW TO TREAT THEM

The kiddies will get their feet wet, catch cold, get croup and give their mothers lots of trouble. With the first cough or sneeze, rub the little chest with Nervillin, rub it on plentifully, it can't harm. Then make a gargle with Nervillin and have the child gargle for five minutes. Just at bed time, give the child ten drops of Nervillin. It will soothe the throat, and the child will be better. Nervillin is a great protection in the home. Large 35c bottles at all druggists.

Burns committed his poems, to memory as he composed them, and when he sat down to write he had before him no labor of composition, but only the task of writing down what he had already finished.

The cheapness of Mother Grogan's Worm Expeller puts it within reach of all, and it can be got at any drugstore.

## Chinese Girl Wins Prizes

Twelve-Year-Old Student Excels As Cook and Essayist

One of the happliest of the 170 children who were graduated from Public School No. 22, Bayard and Madison Streets, New York, was Miss Florence Low, twelve-year-old Chinese, living at 34 Mt. Street.

Besides winning the Morgan award of \$20 for being the best cook in District 1, she won the second prize of \$15 in the Evening Post composition contest with her essay on American history. The contest was open to all school children of New York under sixteen years of age. About 100 essays were submitted.

Miss Low was one of the fourteen foreign pupils who occupied seats on the platform with the School Principal, Joseph D. Beardon, and the teachers when Florence stepped forward to receive her prizes.

"The Chinese make ideal pupils," Mr. Beardon told a reporter. "In the twenty years of my teaching, scarcely a teacher has ever encountered a Chinese who did not have an excellent school record."

Of the 170 graduates ten were Chinese boys and girls.

Recovering Fuel  
A new process is now in use for recovering fuel from clinders.

A hundred tons of coal used in a furnace have about twenty tons of clinders, from which five tons of good coal fuel can be recovered by means of magnetism. The fuel contains sufficient iron to make it possible to extract it from the non-magnetic ash, and it is believed that millions of tons of fuel can be saved in this way.

Siberian Rivers Have Ice Beds  
Rivers in Siberia are different from rivers in other parts of the world in one feature, many of them running over beds of ice. One of the tributaries of the Lena River has a bed of ice from nine to twenty feet in thickness, over which the water has been flowing properly for hundreds of years.

Minard's Liniment for Burns, etc.

## Keep Money in Family

William Rockefeller Did Not Leave Anything to Charity

William Rockefeller's will, which has just been made public, leaves an estate of \$10,000,000, not one dollar of which goes to any charity, philanthropy or public service. The whole estate is left to the members of his family. Even an old retailer who had shined Rockefeller's shoes for forty years, and was specified in the will to the funeral, being overruled. Rockefeller's money was his to dispose of as he saw fit, but the manner in which he has passed it on to his descendants will tend to promote legislation that will make it impossible for most estates to pass intact to future generations. Successful duty laws are year by year taking a larger toll of inherited wealth, and such striking examples of selfishness as William Rockefeller has given will be a powerful argument in the hands of those who see a grave and growing menace in the concentration of wealth in the hands of a comparatively small section of the population.—Farmers Sun.

KEEP CHILDREN WELL  
DURING HOT WEATHER

Every mother knows how fatal the hot summer months are to small children. Cholera infantum, diarrhoea, colic and stomach troubles are rife at this time and often a precious little life is lost after only a few hours illness. The mother who keeps baby's Own Tablets in the house feels safe. The occasional use of the Tablets prevents stomach and bowel troubles or if the trouble comes suddenly—as it generally does—the Tablets will bring baby safely through. They are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brooklyn, Ont.

Circle Tours Through the  
Canadian Pacific Rockies

Delightful Trip Offered for Tourists Over C.P.R.

By the most magnificent mountain and inland water trip in the world, passing through beautiful lands, over Lake Louise, Field and Glacier House to Arrowhead—steamer through the Arrow and Kootenai Lakes, winding in and out majestic mountain peaks—touching at West Nelson and Nelson, respectively.

This delightful trip can be made in the opposite direction if desired and at remarkably low cost.

Any Canadian Pacific ticket agent will gladly give full information and arrange details.

World's First Broadcasting Auto  
The first radio phone broadcasting automobile in the world was "hopper" on the streets of Winnipeg in a test trip which proved an unqualified success. The remarkable feat of broadcasting the human voice through the air from a rapidly moving car was a specially designed transmitter was accomplished after exhaustive experimental work by E. V. Nelson, radio engineer.

Proofreaders Are Fallible  
"But I do not myself by the aid of mechanical books."

"Yes and some day you'll die of a misprint."—Boston Transcript.

## The Exodus from Canada

Greater Proportional Increase in Population in Canada than in the States

There has been a great deal of unnecessary discussion and regret over the supposed loss of some two millions of our population during the last decade, in the opinion of the Vancouver Province, which has been making an investigation and declares that "no such migration took place." Immigration into Canada has always been overrated in the official reports and the rate of natural increase used in the calculation of what our population should be is much too high, according to the Province. After examining and comparing the United States decennial census taken in 1900 and the Canadian census taken in 1921, it suggests that we have reason to cheer up because there had been a greater proportional increase in population in Canada than in the United States during the ten years and, with one exception, every Canadian province along the border has had a greater proportional increase of population than the States had along the line. The exception is the State of Michigan. The province of Prince Edward Island lost population during the decade but so did three States of the Union.

The Province does not deny that there has been a large exodus from Canada; its argument is as to the extent of the exodus. An admission that a substantial southward movement exists is clearly implied when it says:

In the years before the war Canada was receiving more settlers from the United States than we were sending to that country. We were receiving more each year than the whole loss of immigration, which has stamped its impression forever on the history of this country. It is expected that the movement from the United States to Canada will this year far exceed the movement from Canada to the United States.

The absence of actual statistics and the consequent uncertainty as to the number who have gone from Canada to settle permanently in the United States make the subject a very good one for debate. But after the proof and conclusions have been sufficiently discussed the moral of the whole matter should be quite plain, namely, that we should have careful and accurate statistics kept of the immigration into the Dominion and also of the exodus from the Dominion. We should know the exact number of each nationality entering the country and should have a similar classification of those who are leaving. The statistical branch at Ottawa could apply itself to no more important work than that of arranging for securing accurate information as to the annual exodus to the south. These are the conditions years of the Canadian population and we should have definite knowledge of the constituent elements that are being worn permanently into it.—Free Press.

Curiosity Instable  
Mother—You shouldn't eat your cake so quickly, Debbie. I should know a little boy who ate his cake so quickly that he died before he finished it.

Debbie—And what did they do with the rest of the cake, mother?

We can never tell a friend long if we are not willing to take pains to find out his peculiarities and respect them.

Unless you see the name "Bayer" on tablets, you are not getting Aspirin at all

W. N. U. 1429

SASKATCHEWAN  
WOMAN  
RECOVERS

Found Health by Taking Lydia E. Pinkham's Vegetable Compound

Miss. Saskatchewan—"I saw Lydia E. Pinkham's Vegetable Compound advertised for women's troubles and when a friend recommended it to me I tried it and it has done me so much good in the two years in which I have been taking it that I and I am a different woman from then. I recommend your Vegetable Compound as much as I can and you may use my letter as a testimonial."

Mrs. W. J. Thompson, Miss. Saskatchewan.

These letters recommending Lydia E. Pinkham's Vegetable Compound ought to convince women of the great worth of this medicine in the treatment of ailments to which they are often subject.

Mrs. Thomas writes that she is a nervous woman. If you are suffering from troubles women often have, or feel all run down, without any fault of your own, for your regular work, take Lydia E. Pinkham's Vegetable Compound and make a natural restorative and should help many other women.

This medicine has been helping sick women nearly fifty years—nearly a long record of service.

## Ski Jumper Injured

Sprained Ankle at End of 110 Feet

Dreanna Holton, of Revelstoke, B.C., sustained painful injuries during an exhibition jump in Rafter National Park on the opening day of the fifth annual ski tournament. Holton fell at the end of a 110 foot jump, the longest of the day, and sprained his left ankle. One of the skis left its hold and struck Holton over the left eye cutting a severe gash. Holton was taken to Paradise Inn on a toboggan where his injuries were dressed.

Miss Holton, of Revelstoke, B.C., made 105 feet without falling, the first spectacular jump of the day. Sigurd Holm, of Tacoma, jumped 95 feet, and Peter Brucher, of Tacoma, 75 feet. E. Bagan, of Hope, B.C., made 90 feet.

Shine your shoes in 2 minutes. No more shoe shining. Write for catalogue. All orders filled promptly. Address: 111 York St., Toronto, Ont.

The Delicious Bread  
—of Energy and Iron

SERVE raisin bread twice weekly on your table for three reasons:

1. Flavor; 2. Energy; 3. Iron  
You remember how good a generously filled, full-fruited raisin bread can be. Your grocer or baker can supply you with it.

Indeed, if he hasn't one he can get it for you. Full-fruited bread is full of delicious seeded Sun-Maid raisins—rich in energizing iron—minerals in practically predigested form.

Raisins also furnish fatigue-relieving iron for the blood.

Serve plain raisin bread at dinner or as a tasty fruit breakfast toast with coffee.

Make delicious bread pudding with leftover slices. No need to waste a crumb of raisin bread.

Begin this week the habit of raisin bread twice weekly in your home, for raisin bread is both good and good for you.

Sun-Maid  
Seeded Raisins

Make delicious raisin pies, puddings, cakes, etc. Ask your grocer for them. Send for free book of tested recipes.

## How to Destroy Sunflower Bugs

During the past few weeks attention has been drawn to two species of bugs which appear to be new to this district. One of these, the sunflower bug, appears to live on sunflower plants, while the other destroys sunflowers. P. H. Wadsworth sent one of the latter to the provincial Entomologist's Laboratory at Lethbridge and received the following reply:

"I have received two specimens from you. We are very glad to have these records for the Alberta Pest Record and thank you very much for them. The first specimen was a specimen of a Potato Beetle Predator, one of the "Stink Bugs" with the scientific name *Pentatomella trilineata*. The larger of the two is the adult insect and the smaller and more reddish is a nymph or undeveloped specimen. They are called predators instead of parasites because they feed on the potato beetle larvae and not inside of them. These "Stink Bugs" are very common to some localities, but I have never known them to be common enough to in any way check the increase of the beetles.

The second specimen that you sent, infusing sunflowers, is a beetle closely related to the potato beetle. It is a native that has spread to cultivated sunflowers from the wild plants and in some districts it does a great deal of damage. The larvae are very much like the larvae of the potato beetle only they are green. They seem to prefer to feed on the potato buds, and you will find them gathered at the top of the plant where they completely riddle the leaves.

The sunflower beetles can be controlled by spraying with Paris green the same as for potato beetles.

If there is anything more you wish to know about these insects I will be glad to help you out.

The condition of Lord Northcott, who has been gravely ill for several days, was unchanged on Tuesday.

Review advertising is good business.

## NOTICE

NOTICE is hereby given that a Petition has been presented to the Council of the Town of Redcliff, under the provisions of "The Early Closing Act," praying for the passing of the following Early Closing By-law:

"BY-LAW OF THE TOWN OF REDCLIFF to amend the by-law relating to the early closing of shops in the Town of Redcliff."

"THE MUNICIPAL COUNCIL of the Town of Redcliff makes as follows:

1. During the months of May, June, July, August and September in each year, all shops in the Town of Redcliff, excepting those mentioned in the schedule hereto, shall be closed for serving customers at or before the hour of 7 o'clock p.m. on each Wednesday during any of the said months.

2. If it shall be unlawful to carry on any retail trade or business (excepting those mentioned in the schedule hereto) after the closing hour mentioned in the preceding section, in any place within the limits of the Town of Redcliff, not being a shop, and any person so doing shall be guilty of an infraction of this by-law.

3. If several traders or businesses are carried on in the same shop and if any one or more of such traders or businesses are of those mentioned in the said schedule, such shop may keep open after the closing hour mentioned in the purposes of sale of such goods as are mentioned in said schedule, and for no other purpose whatsoever.

4. Any person violating the provisions of this by-law shall be liable on summary conviction thereof before a Justice of the Peace:

(a) For a first offence, to a fine not exceeding \$5.00 and costs;

(b) For a second offence, to a fine not exceeding \$25.00 and costs;

(c) For a third and subsequent offence, to a fine not exceeding \$100.00 and costs.

Provided that no person shall be deemed to be guilty of an offence who serves after the closing hour if the person who was in the shop at such hour.

5. In this by-law the expression "person" shall include a partnership or a corporation.

6. This by-law shall come into effect upon the day of the date of the final passing thereof."

SCHEDULE.  
Post office business.

The sale of medicines and medical and surgical appliances.

The sale of refreshments for consumption on the premises.

The sale of tobacco and other smokers' requisites.

The sale of newspapers and magazines.

Business of billiard and pool room or bowling alley.

Business of auto livery and garage.

NOTICE is hereby further given that objections to the Petition presented to the Council may be made by any person on the ground that such Petition is not in conformity with or otherwise affecting the validity or sufficiency thereof, must be filed with the Council on or before the 15th day of August, 1922, and that if no objections are filed on or before the said date, the Council shall forthwith proceed to pass the said Closing By-law.

P. H. COURTNEAY,  
Secretary-Treasurer.

## Says West Is Best Place In World Today

SANK, PREMIER TELLS THIS TO ANY WHO COME TO HIM TO DO ANYTHING—ALSO SAYS WE ARE GOING TO HAVE WHEAT BOARD

"When anyone comes to me, downhearted, complaining about conditions in the west," said Premier Charles Dunning, of Saskatchewan, "I tell him that there is no better place in the world today for a man to make a living than in the Canadian west—connected with the conditions elsewhere. By that I do not mean that we are not having hard times and some hard crops and other troubles—but we have other countries and localities, too.

"In the United States, speaking generally, farmers are having just as difficult a time as we are here, and they have to face poor crops on \$300 and \$400 per acre land. Comparatively speaking, there is no better place in the world today for the average man than the Canadian west.

"In Saskatchewan, over the entire province, we will have an average yield of wheat this year, and, fortunately, in the southwest section of the province, where crops have been bad for several years, past, we are going to have an excellent crop this year."

With reference to the wheat board appointments, over which Premier Dunning has been in continuous consultation with Premier Greenfield Sunday and Monday, Mr. Dunning said:

"You can write it down as a certainty that we are going to have a wheat board. We want Mr. Stewart for the chairman and are doing everything that can be done to get him. But we are going to have the wheat board, I can assure you of that."

## South Dakota Storm Does Much Damage

Property damage estimated at nearly \$1,000,000 was caused by a cyclone which swept over the state of South Dakota, near Hot Springs, S.D., isolating it several hours from the rest of the state.

The roads both of the Chicago, Burlington and Quincy, and the Chicago and Northwestern railroads were washed out about the city. The iron of the power plant was swept away and the city was in darkness for several days.

Several houses were destroyed and a dozen automobiles belonging to tourists were completely wrecked. Large trees were snapped off by the howling winds. No loss of life is reported.

## No Fusion With The Progressive Party

"There will be no merger with the Progressives by the Liberal party, so far as I know," was the pronouncement made by Hon. W. R. McInnes, minister of agriculture in the federal government, to a noonday luncheon held by the new Calgary Liberal club in the Palliser ball room.

Mr. McInnes asserted that he did not think the Progressives wanted to merge with the Liberals, that the latter party would hold dear open to former members, but the history of third parties was that they would not lose their identity until the grievance which had been their origin had been abolished.

## Canada to Trade With Russia Soon

Canada's adherence to the Anglo-Russian agreement, which became effective July 3, this year, is expected to lead to a resumption of trading between the Dominion and soviet Russia within a short period. Negotiations are now being made for the sending of a Canadian trade commissioner and other representatives to Russia, and it is anticipated that the soviet government will send a representative to Canada.

## Cost of Living Now Coming Down

According to the current issue of the Labor Gazette, the cost of living in the Dominion has shown a sharp decline amounting to approximately 40 per cent during the past two years. For the month of June, 1922, on the 20 staple foods, the price being secured from 60 cities of the Dominion, the average weekly budget amounted to \$14.25 as compared with \$14.92 for the corresponding month of 1920.

One of the main features of the figures as published in the Gazette is the comparatively minor fluctuations in the price of food as prevailing in the various provinces. Prince Edward Island is the lowest on the list, while British Columbia is the highest, though the spread is comparatively small.

## NANTON CONCERNED ABOUT GAS SUPPLY

Acting on the initiative of the consumers of the town of Nanton, the town council of that place, with the Canadian Western Natural Gas, Light, Heat and Power Co., has made a formal application to the Alberta Public Utility Board to intervene in the gas situation there, probe the matter of supply, and fix a fair and reasonable rate on this basis.

## Result of Fluctuation In Russian Currency

A story which he says, "reads well, but is somewhat extreme," illustrates the position in Germany and other parts of Europe where currency is depreciating, is told by Gordon H. Johnson, Canadian trade commissioner at Glasgow, in a report to the department of trade and commerce.

"A Russian, in the mail business," Mr. Johnson tells the tale, "went to Germany with, say, 25,000,000 rubles, Germany, having a high grade exchange rate of rubles. He took the wagon load of rails to Russia and sold them for 50,000,000 rubles, a profit of 20 per cent. When he returned to Germany with his 50,000,000 rubles, he found that the Russian exchange had depreciated and he could only get enough marks to buy half a wagon load to Russia and sold it for 35,000,000 rubles and well satisfied with his profit, returned to Germany, where this time owing to a further depreciation of the Russian exchange, his 35,000,000 rubles bought only enough marks to pay for four cases of nails. He returned to Russia and sold the four cases for 40,000,000 rubles, but when he came back to Germany, the Russian exchange had again fallen and he got only enough marks to buy one nail, so he hammered it into the wall, tied a rope to it, and hanged himself!"

## Urges U.S. Farmers To Hold Back Grain

President George E. Marcy, of the Armour Grain company, Chicago, issued a signed statement urging farmers to hold back their grain for reasonable prices, and saying that as prices for grain go up, better business conditions throughout the whole country will follow. He said:

"An upward movement in grain prices is in accordance with the promises to be of such financial benefit to the American farmer that he in turn will be in a position to materially improve general business conditions."

"An orderly and gradual marketing of existing wheat stocks will end the present depressed price conditions and will result in a more stable market at work for slower and more stable marketing."

"Settlement of the coal strike will result in decreased amount of rolling stock capable of moving grain to terminals and improved improvement in general business conditions should further advance the amount of export of surplus grain."

Job Printing at The Review.

## Railway News

Quebec—Probably the most fragile and interesting contingent yet given into the keeping of the Dominion Express Company is one which will come shortly on a Canadian Pacific Steamships freighter.

Two tiny baby kangaroos are to be passengers on the ship and will brave the North Atlantic on their journey, enroute from the London Zoo to Toronto which is their ultimate destination.

The tiny passengers are coming over with the compliments of the London Zoo authorities who were indebted to Toronto last season for the addition of two very young Canadian beavers to their collection. The kangaroos will be accompanied by a special attendant, who will strive to do his best for the little two and attend them in good condition.

Port Arthur.—The International Union of Hungary Hoboes, in so far as its membership affects Port Arthur, is a deplorable in its ranks this summer. At the Naville's first station stop of Port Arthur, there are located a couple of plain clothes policemen who are gathering the hobo into the long arms of the law. One day the officers brought seven hobo knights of the road into Port Arthur. Hunting was good during next day, too, when a party of nine arrived on Number One to keep the others company. In Port Arthur the hobo each was fined \$20 or one month in jail.

When a "bo drop of freight" at Port Arthur is in effect, expecting to meet a guard of the law. That is why it is stated the Canadian Pacific Railway has put constables there to gather in the members of the ride-for-nothing clan.

Vancouver.—The Canadian Pacific Railway has inaugurated its new "Express Special" train service between this city and Chicago. Little more than an hour after the "Kootenay" arrived the special train pulled out for the east, carrying about fifty passengers, who took advantage of the new service. The schedule of the train calls for the delivery of the passengers in Chicago in seventy-two hours and those desiring to go to the Atlantic will be able to catch their boats there for the Old Country, in quicker time than ever before. The equipment of the special consisted of two standard sleepers, an observation, and a baggage car. Extra equipment was also attached to the Imperial Limited to accommodate the large number of passengers who crowded the continent by the All-Canadian route.

Toronto.—D. C. Coleman, vice-president of the western line, Canadian Pacific Railway, and just back from a tour to the coast, speaks optimistically of conditions in British Columbia.

"Excellent business in the west is improving," he continued. "There is very steady improvement. The British Columbia is rapidly forging ahead of the west. The market for timber is not up to normal, the increase in export to foreign countries is encouraging. The lumber industry is going for the better. It is in operation everywhere in the mining districts, where the low price of copper. More than seven million bushels of wheat were shipped from Victoria during the past year. Three-fifths of this wheat is shipped to the Orient, and the balance was shipped to the Orient."

Montreal.—The new C.P.R. steamship "Empress of Australia" called at her first voyage from Greenock, Scotland, where she was built, for Vancouver via the Panama Canal on Friday June 16. She is a twin-screw steamship of 11,400 gross tons, 600 feet in length, 75.5 feet in breadth, and 41.5 feet in depth. She was ordered before the War broke out and was in the builders' hands when hostilities commenced. Since the conclusion of the War she has been converted into an all-shipper and her equipment and standard are similar to the equipment and standard of the "Empress of Scotland." She is scheduled to arrive at the Orient on July 10, and will leave on her first regular voyage to the Orient on July 17. Capt. Samuel Robinson, R.N.R., former commander of the "Empress of Russia," has been given command of the new vessel.

Mr. W. N. Tilley has been appointed a Director of the Canadian Pacific Railway to fill the vacancy created by the death of Sir John A. Macdonald. He has been appointed in railway legal work since 1914. He is going to London, England, immediately to appear before the Privy Council as one of the Counsel for the Canadian Government in the Grand Truck Award case. The case was born in Vancouver, Ontario, in 1868, and called to the Bar in 1894.

The attorney general refused to sanction on Tuesday, an appeal to the house of Lords by Joseph O'Sullivan and his wife, under sentence to be hanged August 10 for the assassination of Field Marshal Sir Henry Wilson.

## AUCTIONEER

CHARLES W. TWATERS, THE AUCTIONEER, who has had over 22 years practical experience and KNOWS HOW to conduct your SALES OF LIVE AND DEAD FARM STOCK, FURNITURE, etc., and get you the best prices. If you are having a sale, call on him for advice, including extra for my 22 years experience. Address: Office and Sale Room, Third Floor, 1000-1001, 1002, 1003, 1004, 1005, 1006, 1007, 1008, 1009, 1010, 1011, 1012, 1013, 1014, 1015, 1016, 1017, 1018, 1019, 1020, 1021, 1022, 1023, 1024, 1025, 1026, 1027, 1028, 1029, 1030, 1031, 1032, 1033, 1034, 1035, 1036, 1037, 1038, 1039, 1040, 1041, 1042, 1043, 1044, 1045, 1046, 1047, 1048, 1049, 1050, 1051, 1052, 1053, 1054, 1055, 1056, 1057, 1058, 1059, 1060, 1061, 1062, 1063, 1064, 1065, 1066, 1067, 1068, 1069, 1070, 1071, 1072, 1073, 1074, 1075, 1076, 1077, 1078, 1079, 1080, 1081, 1082, 1083, 1084, 1085, 1086, 1087, 1088, 1089, 1090, 1091, J. C. HORTON, Manager

A number of young men left town this week to help with the harvesting in the Vauxhall district.

Several bunches of keys have been left at this office by those who found them. The owners may get them by calling.

A good crowd attended the dance at the Vauxhall on Friday evening, and all had a thoroughly enjoyable evening.

Miss Lily McDermott leaves today for Calgary, where she will take part in the dancing competitions at the Calgary sports.

After the Junior football game last Friday, the players were treated to the best in the house at the 'Cliff Ice Cream Parlor.

When outting, a few pranks in the Box Springs district. Although no threshing has been done yet it is estimated the crop in that district will go from 7 to 15 bushels to the acre.

The dance in Mac's hall last Friday evening, under the auspices of the Junior Football club, attracted quite a crowd of young people, and a jolly evening was spent.

Mr. and Mrs. J. Jackson and family left Monday by motor for a trip through the Rockies. They will camp at several points of interest, and will be as far west as Lake Louise.

The Young Men's Club are putting on a comic football match on Wednesday evening next. These games are a source of amusement for the spectators, and a large crowd should be in attendance for this one.

It is now beginning to look as though Redcliff will have no snow day here on Labor Day this year. It is though the time is too short to prepare a programme in keeping with our past record.

Among those from Redcliff who were successful in passing their examination at the Garbutt Business College, Redcliff, are: Mr. and Mrs. J. Jackson, Mr. and Mrs. J. Leach, Mr. and Mrs. J. Leach, Miss Welliver and Miss Leach took honors in mathematics and clerical work respectively. Miss Rickard was a useful for stenography.

Donald McLachlan is putting on a real old time Scotch dance in Mac's hall on Friday evening of this week. Although there will be all kinds of dances on the programme it will be liberally sprinkled with real and other Scotch dances. Everybody will be made welcome at this exhibition.

The Melville Hall senior football team defeated Lethbridge in an exhibition game in the former city last Saturday evening. The score was four to none. Mackel and McLachlan of Redcliff played with the Hall, and between them netted the whole of the four goals.

The heavy shower of rain which came over town on Saturday last, Saturday did considerable good. It revived much of the grain, which was beginning to show the effect of the extremely hot weather of the previous days.

Mr. McEwen, manager of the Royal Bank, was purchased a very fine Air dog from one of the best kennels in the province. Mac says the dog must have learned some bad habits with his previous master, as it refuses to stay at home.

Local Juniors  
Add Another Notch to List

Redcliff Junior societies were able to add another notch to their belt by defeating Knux here last Friday evening by the narrow margin of two goals to one in the cup series.

The game started off with a rush by the visitors, and for a time it looked as though they were going to have easy picking. They kept up the attack for eight minutes, when they succeeded in scoring the first goal. When play resumed there was a very noticeable improvement in the playing of the home team. Immediately after the first goal they got possession and by a nice piece of combination they got the ball well down on the visitors' defence, where they kept it long enough to make several unsuccessful attempts to score. For the balance of this half the play was very evenly divided, but after another 30 minutes the Redcliff forwards got possession and after every one on the field had a share in the combination, the Redcliff side landed a nice one, calling the score. No more scoring was done during this period.

It was in the second period the local side showed up to best advantage. From start to finish of this half they had the best of the argument, and it was only the excellent work of the visitors' goalkeeper which prevented the score from being much larger. Time after time

## The 'Cliff' ICE CREAM PARLOR

THIRD ST. PHONE 2

they renewed the attack, and it was only after 25 minutes of this play that Kirkpatrick again scored on a nice pass from Tron. The visitors' defence of the game the visitors tried hard to put on the equalizer, and once they were nearly successful. This was a nice run by their right winger, who carried the ball half the length of the field and put in a shot which hit the upright and went out.

There was no more scoring done during the balance of the game, and Redcliff was declared the winners by two goals to one.

The winning of the game gave the Junior Reds at the top of the tree in this series. The Moose team have two more games to play before the final winner can be announced. The loss of a point in either of the games by the Moose will give Redcliff the honors, and a playoff would be necessary in case the Moose are successful in winning both fixtures. They have a big handful to tackle in the Washers and Knox, and the prospects of the local youngsters bringing off the double are certainly poor.

Harvest Vale at 3 p.m.  
Riverview at 8 p.m.  
At all three points the service will be held in the school house.

**Will Run Road Race From Redcliff to Hat**

Some time ago it was customary to hold an annual road race between here and Medicine Hat, and a cup was set up for competition in this event. Since the war, however, this annual event has not been held. We understand it is to be revived again this year, and will take place on Labor Day. The cup was won by Redcliff boys two years in succession. First by J. Fennis, and later by J. Calderwood, the present holder of the cup.

Arrangements for this race are not yet completed, but it is expected it will take place on Labor Day morning. Fuller particulars will be given later. In the meantime if there are any in town who contemplate entering, they should start now to get in shape. The race starts at the hall park, Medicine Hat, and ends at the hall park, Redcliff. There should be some Redcliff boys enter this race and try to keep up the reputation of the town.

## Predicts Destruction By Bad Earthquakes

Within 30 days, Southern Europe, Northern Africa and the whole of Asia will be destroyed by earthquakes, and the residents of those countries will be killed.

This is the latest prediction of Dr. M. A. Nobles, a physician and geologist, who has studied volcanic disturbances since his graduation from Syracuse university in 1881. The western section of the United States beyond the Rocky Mountains is also on Dr. Nobles' schedule to disappear. Canada is not on the list.

The eruption that will wipe out Europe will occur near Budapest, where there are at present 70 volcanoes, Dr. Nobles said.

## U. S. SENATE AND TARIFF

The senate approved a rate of 25 cents a pound in the tariff on extra-rejected a plan for a government bounty of \$2,000,000 for domestic poultry producers, and received its former action in voting an import of 2 cents a pound on white arsenic. Poultry and white arsenic were placed on the free list.
